Designed by children....

a collection of trainer designs by children to encourage modern designs for children’s prescribed footwear

Overall winner Brooke Oyebanjo (Age 11-13 entry)
This fabulous collection of trainer designs has been compiled in response to a children’s trainer design competition run by PORT-ER at the end of 2008. The overall winning design is shown on the cover and we are delighted to present all of the children’s entries in the collection, including the winning designs in each of four age categories.

We encourage designers and suppliers of prescribed footwear for children to look at this collection and to incorporate the childrens’ ideas into their own footwear ranges so that children who need prescribed footwear can wear funky designs.

PORT-ER is indebted to the Scotstoun Lanes Fundraising Committee, Glasgow, for making the children’s design competition possible by donating some of the proceeds from their community event in 2008. They enabled PORT-ER to complete this children’s competition and launch a University student’s competition in 2009. Thank you to everyone who took part and made this happen - to each child, teacher, parent and friend and to Buchanan Orthotics for their assistance.

Sandra Sexton
Chairperson, Board of Trustees, PORT-ER

Note to companies: This collection of designs is freely available as a pdf on the PORT-ER website www.port-er.com. Please make a donation to PORT-ER if you use this in your market research.
